Welcome From Our Head Master

校长寄语

Dear Parents

A very warm welcome to Harrow International School Shanghai.

As both a Head Master and a parent, I understand that choosing the right school for your child is one of the most important decisions a family will make. Every parent wants their child to be happy, successful and well-prepared for the opportunities and challenges that lie ahead. Finding a school that nurtures both academic achievement and personal growth is therefore a significant and deeply personal choice.

At Harrow Shanghai, we are committed to helping every child succeed through an ambitious and inspiring education. We believe that young people thrive when they are challenged, supported and encouraged to develop a genuine love of learning. Our curriculum is designed to stretch each pupil academically, fostering intellectual curiosity, resilience and the confidence to embrace new opportunities. This preparation for outstanding university choices and the world beyond is a core aim for our exceptional staff. At the same time, we place great importance on developing the character, skills and values that will enable our pupils to flourish in an increasingly complex and rapidly changing world.

Whether you have attended one of our Open Days or visited us for a personal tour, I hope you have already experienced the warmth, energy and sense of purpose that define our community. Harrow Shanghai is a school where pupils are known as individuals, where excellence is celebrated in all its forms, and where strong relationships between pupils, staff and families create an environment in which children can truly thrive.

This guide has been designed to provide you with key information about our admissions process and to answer many of the questions you may have as you consider the next stage of your child's educational journey. We recognise that every family is different, and our Admissions team is always available to offer guidance, answer questions and support you throughout the application process.

We greatly value the partnership between home and school and believe that the most successful educational experiences are built on trust, communication and shared aspirations for every child. My colleagues and I would be delighted to meet with you personally to discuss your child's interests, ambitions and how a Harrow education can help them realise their full potential.

Thank you for considering Harrow Shanghai for your family. We look forward to welcoming you, getting to know your child, and sharing with you all that makes our school such a special place to learn, grow and belong.

TRANSPORTATION

交通

We seek to accommodate the transport requirements of all of our families whenever possible. Our extensive network of buses covers a huge area of Shanghai. We operate using a set of key collection/drop-off points which means we aren't always able to collect from the gates/doors of every village/compound, although we continuously amend our key routes to accommodate as many of families as possible.

我们尽可能地满足所有家庭的校车需求，所设路线覆盖了上海大部分地区。校车会在指定的上下车点接送学生。尽管我们一直在调整路线以满足尽可能多的家庭的需求，但也难免不能保证从每个住宅区的出入口接送学生。
