A Welcome from our Head Master 校长致辞

C. McAllister

Chris McAllister
Head Master
哈罗上海校长

A very warm welcome to Harrow International School Shanghai.

Choosing the right school for your child is one of the most important decisions a family will make. At Harrow Shanghai, we are committed to providing an exceptional education that combines academic excellence with outstanding pastoral care, enabling every pupil to flourish, achieve their potential and develop the confidence to thrive in an ever-changing world.

Our ambition for every child is clear. We provide a challenging and inspiring curriculum that encourages intellectual curiosity, resilience and a genuine love of learning. We believe that young people achieve their very best when they are both supported and stretched, and our pupils are encouraged to embrace challenge, think critically and pursue excellence in all that they do.

However, a Harrow education is about much more than academic success alone. We are passionate about developing well-rounded young people who possess the character, skills and values required to make a positive contribution to society. Through a rich programme of co-curricular opportunities, leadership experiences, sport, music, the arts and service, our pupils develop the confidence, adaptability and global outlook needed to succeed in the modern world.

At the heart of our school is a strong sense of community. Harrow Shanghai is a place where every child is known, valued and encouraged to contribute. We believe that the most successful educational journeys are built upon a close partnership between school and home, and we greatly value the engagement, trust and support of our parent community. Together, we create an environment in which children feel secure, inspired and empowered to achieve their ambitions.

Our pupils are guided by the enduring Harrow values of courage, honour, humility and fellowship. These principles shape not only what our students achieve, but the people they become. They leave Harrow Shanghai as confident, compassionate and capable young adults, ready to embrace the opportunities and responsibilities that lie ahead.

As part of a proud educational tradition spanning more than 450 years, Harrow Shanghai combines the very best of British educational heritage with a forward-looking, international perspective. We are celebrating 10 years of Harrow in Shanghai. This landmark anniversary is an exciting milestone for the school, a time to reflect on successes and look forward to the bright future ahead. It is a school where aspiration is matched by opportunity, where excellence is celebrated, and where every pupil is encouraged to discover and develop their unique talents.

I warmly invite you to visit our school and experience for yourself the energy, ambition and sense of belonging that define our community. I look forward to welcoming you and your family to Harrow Shanghai.

RELATIONSHIP STATEMENT

The Harrow International Schools, Harrow Innovation Leadership Academies and Harrow Little Lions (Early Years Centres) use Harrow School's Name and Badge under a sub-licence granted by Harrow International Schools Limited (HISL), a trading subsidiary of the charity registered in England and Wales with charity number 310033 which owns Harrow School and its trademark, in return for a fee. The educational, administrative, financial and other operational responsibilities of the Harrow International Schools, Harrow Innovation Leadership Academies and Harrow Little Lions (Early Years Centres) are separate from those of Harrow School and rest with their owners and operators. The schools' fees are paid to their owners and operators and not to Harrow School or HISL. Under the sub-licence, these schools are required to reflect Harrow School's educational purpose, practice, strategy and philosophy and each is regularly evaluated by representatives of HISL. The schools' Governing Boards include two representatives of HISL.
